

- Solder point **without** connection on this side of pcb
- Solder point **with** a connection on this side of pcb
- ★ Vertical Interconnect Access (VIA) Soldering on **this and other side** of pcb
- Pin strip and/or blocked area

! BOTTOM VIEW !

For the connection to +5V, an insulated wire is mandatory!

Mod	2015/05/02	juscgs00: Bug fix - changed AD3 supply to 5V and added switch circuit (BC547)	Author:	Jürgen Schmidt	Scale : 2:1
	2015/05/05	juscgs00: Bug fix - added voltage divider at AD3 (ADC input 5V->3.3V)	Date:	2015/04/18
